teachers were willing to make
the time up next Saturday.
Supt. J. W. Abel issued orders
that all schools throughout the
county should be closed the entire day to give way to the
peace celebration.

It was first thought that the city schools would convene throughout the entire day Monday, but after reconschools would convene throughout the entire day Monday, but after reconsidering the matter Commissioner Huffaker decided to leave the matter with the principals and teachers. He therefore instructed Supt. C. H. Winder to notify the educators at the various schools that they would be permitted to dismiss school during the day if they were willing to make the time upnext Saturday. Supt. Winder was kept busy during the forenoon notifying the principals of the various schools, and a large number of the schools were closed upon receiving the order. However, there were some that were kept open the entire day. Incases where schools were closed these schools will be kept open Saturday and the time imade up. In making this rule Commissioner Huffaker said that he felt enough time had been lost during the influenza epidemic and that it would necessarily throw the school wark entired. Benefit of Readers.

All day yesterday crowds thronged before newspaper offices eagerly scanning the bulletins. Because the situation was so tense and there was likelihood that the news of the signing of the armistice would come during the day. The News kept open its Associated Press leased wire and furnished a bulletin service for readers. In addition the full dispatches were posted. The items about the revolution in Germany aroused the greatest interest. When it was posted that the courier had not reached German headquarters until 10 a.m. Sunday, and Berlin reported in the afternoon that no text of the terms was yet available there, it was evident that the people's government of Germany, which holds the reins, would wait until the Monday morning before wirelessing the delegation at Complegne to sign the armistice. That is what happened. The authorization vas not given until late in the night and the signatures were affixed at 5 a.m. The news was received over the Associated Press night wire at 2 o'clock and the morning paper soon allowed the good news to be known, through prearranged signals.

STILL TAKES HEAVY TOLL

Influenza Epidemic Still Prevalls Along Southern Railroad.

Reports reach here that at many places along the Cincinnati, New Orleans & Texas Pacific division of the Southern railway the influenza epidemic is still taking a heavy toll. The output of the big coal mines at Stearns, Ky., on this line, has been reduced from 30,000 tons daily to about 5,000, due to the epidemic. At Catoosa, a short distance north of Oakdale, where other large mines are located, the same condition prevails. New cases are still appearing, but not in such large numbers.

## **BABY ILL WITH** WHOOPING COUGH

Much Worried About Her Condition, Says Mrs. Bowers. LUNG-VITA RECOMMENDED

"The Effect Was Almost Magical," She Declares.

"More than a year ago, my baby, then only six months old, became ill with whooping cough and I was very much worried about her condition," says Mrs. May Bowers, who lives at 7 East 22d Street, Chattanooga, Tenn, "Some one told me Lung-Vita was fine in the treatment of whooping cough and I procured a bottle and started giving it to her. The effect was almost magical. She began improving at once, and in just a few days the cough was gone and she was well, and I was happy. Whooping cough is usually so frightful with small children it was natural for me to be apprehensive of its effects. But Lung-Vita killed the whoop and the cough so quick that I shall never again have any terrors of whooping cough when I can get hing-Vita. Mothers everywhere should keep Lung-Vita in the family medicine chest."

Your druggist or dealer should handle Lung Vita, but if he won't supply you, write Nashville Medicine Co., Nashville, Tenn., for free booklet.—(Adv.)

WHEN you think of what the boys "over there" are doing to help the great cause of freedom wouldn't you just to help the great cause of freedom, wouldn't you just give anything to be there and help them? Wouldn't you fairly jump at the chance to do anything in the world to back up the men that are fighting?

You can't be there yet, of course, but there is a place for a boy who wants to help our country, a place where he can show the stuff he is made of as well as he could over in France.

There is a new opportunity for boys who want to do their share toward winning the war. It is called the Victory Boys. Its motto is, "A million boys behind a million fighters."

The organizations for which the Victory Boys are working provide the soldier with his movie theatre, his church, his club, his store where he buys the little everyday things he needs. When he is hungry, they

feed him; when he is tired, they comfort him.

When you enroll with the Victory Boys, you pledge yourself to go out and earn money for this great work that the soldier needs so much Ask your neighbors for odd jobs. Tell them of the great cause you are working for. If you can pledge yourself to earn \$20, remember that for five months you are taking care of one soldier-your soldier.

Wear the Victory Boys buttonit is a badge of honor. It means that you are doing everything in your power to help your country to victory.
